### About me and what I'm looking for

Solidly grounded, exceptionally kind, well-educated, considerate, and generous. Extremely well-informed successful national broadcast journalist. Highly creative and enjoy mysteries, strange anomalies and looking behind the curtain. Focused in pursuing vision and multiple projects simultaneously. Enjoy work but leave it at the desk. Have great respect for intelligent open minds, humor of all kinds, especially dry wit and irony, interesting and fun conversation, and people who are quick-witted and think on their feet. Appreciate nature and the seasons, storms and wind, trees, flora, wildlife, lakes and streams. Do not like most mass media, the dumbed-down American culture, hypocrisy, control freaks, phonies, non-accountability and tv zombies or club sex/drug drones. Do like good classic and contemporary films, great classical music (even enjoy some rock/pop - but no C/W). Totally healthy vegan, vegetarian. Appreciate those who grasp how important trust is; who perceive the world as it is and are goal-oriented but not obsessed; who are aware of who they are and who understand that kindness and the little things matter and always make a difference.
