**RARE 1955 Chevrolet 3100 Truck** This rare 1955 Series One Chevrolet 3100 sports a total body-off restoration. This timeless classic is a true head-turner and great fun to drive around town or down the highway with its 3-speed column shift. The clutch is as smooth as it gets. I've put almost \$30,000 into the restoration and have all receipts. The truck has been completely rewired (Painless) and updated to a 12 volt system and an alternator. The former owner (the second owner...34 years) put stereo speakers in the doors and those have been upgraded and a new CD stereo installed under the dash. The truck is a beautiful green and has a plush pleated bench seat and headliner. The 235 cubic inch 6 cylinder engine has been completely remanufactured. It starts right up and has plenty of power. The new bed is genuine oak with stainless steel stringers. There is all new glass, rubber, a brand new fuel tank, new radiator, heater, and too many other things to list here. This is the same body style as the 1954 Chevy pick-up but underneath is an open driveshaft, which was new in 1955. Personal financial issues are forcing sale or I would never let it go.
